

## Private Parties & Classes

### Private Jewelry Making Parties: Rates & Info

#### Step 1: Choose a Lesson

Choose from our list of classes available, or inquire about "special projects" classes. We offer a wide range of "just getting started" to advanced classes for those who have been creating on their own already.

#### Step 2: Choose a date

Ask your party to decide on a date and a time. Instructors lessons are 60 minutes in length, and at your home or North Star Jewelry Supply.

We can host parties of up to 6, and are happy to teach parties of 7 at your home! In this case, materials must be purchased prior to the date of the party.

#### Step 3: Call or email!

Call Angie at North Star Jewelry Supply & Instruction to reserve your date! Please make your reservation 2 weeks in advance. There will be a \$20 deposit to reserve your date. Please see below for rate information.

#### Step 4: Class time!

Please arrive twenty minutes early to your class in order to get your studio supplies and meet with your instructor. If you need to purchase materials, please do so at this time

You receive 15% off any tools or supplies you purchase on the date of your class. This includes gold and silver! If you want to shop for a little "inspiration" come early! Materials must be purchased prior to your lesson.

The balance of the class is due to your instructor at the end of class in the form of check or cash. Tipping is purely your pleasure, but not expected.

Rates: based on one 60 minute class

- 1-3 persons \$65 total
- 3-4 persons \$85 total
- 5-6 persons \$95 total
- 7 or more &ndash; call for rate information!

We host private parties of 7 or more at your home, and offer catering information if you like! Min rate is \$120 for 90 min.
